Having had 12+ years of experience, a sophisticated manufacturing facility and a network of franchises throughout the country, Sunwin Healthcare has become one of the most reliable partners of PCD pharma in India.

Sunwin Healthcare offers high quality product portfolio, PCD franchise opportunities in the form of monopoly and excellent marketing support. Our vision statement is clear, that is, to provide affordable, innovative, and effective medicines to all corners of the country.

Why Sunwin Healthcare is Considered The Top PCD Pharma Franchise Company in India

The companies that pretend to be No.1 are numerous but the thing with this is that what is written in advertisement is not respected by the market but what is proven to be true.

Over the last 10 years, Sunwin health care has established a distribution network in India, developed a diversified product line and has continuously provided high quality medicines at a very competitive price. These aspects render the company trustworthy in long term business association.

Sunwin Healthcare is ranked as one of the Top PCD Pharma Franchise Companies in India because of some of the following reasons:

- 12 Years of rich industry experience - time is an assurance of stability. Long established companies bring reliability.
- 1500+ DCGI Approved Products - broad assortment assists distributors to discover additional orders with the doctors and pharmacies.
- 10 Special divisions, which include general, paediatric, antibiotic, cardiac, diabetic, ayurvedic, derma, etc.
- Good Quality Formulations- rigid QC + QA measures to achieve uniform therapeutic efficacy.
- Excellent Packing - high quality packing that enhances brand recollection and confidence on the part of the doctors.
- Attractive Margins and Open Pricing- improved returns and increase in profitability to franchise owners.

Monopoly Based PCD Pharma Franchise

Among the highest benefits that Sunwin Healthcare offers are state wise and district wise monopoly rights.

The importance of monopoly is that it allows the partner franchising to expand, as it does not have the problem of internal competition and so it does not have the problem of overlapping territories. This is among the actual factors why the franchise owners demonstrate greater loyalty and long-term association with Sunwin Healthcare.

Quality Standards & Certifications

Sunwin Healthcare adheres to strict quality control procedures. All manufacturing processes are followed as per WHO-GMP specifications. Each batch is subjected to multiple quality checks, i.e., raw material analysis, in-process studies, finished goods testing and inspection, packing, etc., under the supervision of trained and senior quality professionals.

Marketing Assistance to Franchise Partners: Marketing assistance is one of the most essential features of the Pcd business model in the Pcd Pharma industry. This has been provided by Sunwin Healthcare in the proper form with all necessary promotional materials which include:

- MR bags
- Visual Aids
- Product-cards
- Catch covers
- Reminders
- Visiting cards
- Samples (wherever applicable)

This will help the franchise partners in promoting the brand in a more professional and effective manner.

Why Sunwin Healthcare is The Right Business Option

If one is looking to start the Pcd pharma business or wants to shift the business from a particular company to a better company, Sunwin Healthcare suggests a business model which is simple to set up, easy to do business and highly scalable.

Benefits are :

- Low risk business which is also having very high scope in the market.
